Nancy and her dedicated staff work closely with you, your family and related community resources in response to your individual needs. Throughout the years, Evergreen has earned the reputation as a recognized leader in providing caregivers that deliver the highest quality of care to help people remain in the comfort of their home environment.

WHAT MAKES EVERGREEN UNIQUE?

**Consistent, experienced ownership.** The same owners have owned and operated Evergreen in Central Oregon since 1982.

**Independently owned.** Evergreen is not a franchise-owned home care agency. We know our business, the unique needs of our community and are accountable to our clients rather than an outside entity.

**Evergreen is an elder care resource.** We have years of experience navigating the senior care system. We can help make referrals to appropriate resources *even if you don't require in-home assistance.*

**Longevity and quality of staffing.** Excellent care begins with excellent staff. Many caregivers have been with Evergreen for over ten years. We maintain registered nurse oversight of all personal care services. Our staff is closely supervised and receive on-going training.

**Evergreen is contracted to provide in-home care services** through the Veterans Services Administration, Medicaid, ALS Association of Oregon and Central Oregon Council on Aging.

**We care.** Evergreen supports a culture of caring, expressed in our commitment to providing you and your loved ones the highest quality of care in your home environment.
